

Best Practices-I

Environmental protection for sustainable development-

Goal – To generate consciousness related to environmental issues and strategies to reduce deterioration of nature which is of utmost significance for sustainability on earth

Practices-

- Plantation drives in and around campus are organised from time to time by various committees like Environ Society, NSS, and NCC in order to reduce loads of pollutants as plants are the only source of oxygen in our ecosystem.
- Gardening Committee along with other committees takes great initiative to maintain green campus.
- Celebration of Earth Day, Water Day, Ozone Day to sensitize students about the damage done to the environment and make them aware of the remedial initiatives to be adopted to control further damage like by adopting principles of 3R's, optimum use of available resources as well switching over to alternate renewable sources of energy.
- Many competitions were organized on regular basis under the aegis of various societies to awaken students regarding stubble burning, deleterious effects of plastic use on environment. Lectures by eminent resource persons were also conducted to sensitise students. Students were encouraged to use cloth or jute bags instead of plastic ones and enlightened to spread that message in society also.
